SAFETY DATA SHEET

Issue Date: 9/9/15
Revision Date: New
Version: USA

1. PRODUCT IDENTIFICATION

Product Name: Design Essentials® Coconut & Monoi Intense Shine Oil Mist
Product ID: RNA 65-199B
Product Type: Finished Retail Product - Consumer Use Only
Recommended Use: Treatment for Hair
Restrictions on Use: Use only as directed on label.
Manufacturer: RNA Corporation
13750 Chatham Street
Blue Island, IL 60406 USA
Phone Number: +708-597-7777
Emergency Transportation Telephone: Within USA and Canada: 1-800-424-9300
Outside USA and Canada: +1 703-527-3887 (collect calls accepted)

2. HAZARD IDENTIFICATION

Hazard Category:
Classification: 2 - Flammable Liquid
2 - Skin Irritation
2 - Eye Irritation

Signal Word: Danger

Hazard Statements:
Highly flammable liquid and vapor
Causes skin irritation.
Causes serious eye irritation
May cause respiratory irritation
May cause drowsiness or dizziness

Hazard pictograms:

Precautionary Statements Prevention:
Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Ground/bond container and receiving equipment.
Use explosion-proof electrical/ventilating/lighting/equipment.
Use only non-sparking tools.
Take precautionary measures against static discharge.
Avoid breathing dust/fume/gas/mist/vapors/spray.
Wash thoroughly after handling.
Use only outdoors or in a well-ventilated area.
Wear protective gloves/protective clothing/eye protection/face protection.

Precautionary Statements Response:
IF ON SKIN: Wash with plenty of water
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Call a POISON CENTER/doctor/physician if you feel unwell.
Specific treatment (see first aid section on this label).
If skin irritation occurs: Get medical advice/attention.
If eye irritation persists: Get medical advice/attention.
Take off contaminated clothing and wash it before reuse.
In case of fire: Use appropriate method to extinguish
Store in a well-ventilated place. Keep container tightly closed.
Store in a well-ventilated place. Keep cool.
Dispose of contents
None
None known

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>Isododecane</td>
<td>n/a</td>
<td>13475-82-6</td>
<td>10-70</td>
<td>Yes</td>
</tr>
</tbody>
</table>

### 4. FIRST AID MEASURES

First aid measures for different exposure routes;

**Eye Contact:** In case of contact, immediately flush eyes with plenty of water, remove any contact lenses, and continue flushing for at least 15 minutes. Get medical attention if irritation persists.

**Skin Contact:** Remove contaminated clothing and shoes. Wash affected area with soap and water for 15 minutes. Wash contaminated clothing and shoes before reuse. Get medical attention if irritation persists.

**Inhalation:** Remove person to fresh air. Get medical attention if having difficulty in breathing.

**Ingestion:** Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea. Rinse mouth with water. DO NOT induce vomiting, but give one or two glasses of water to drink and get medical attention. Never give anything by mouth to an unconscious person. May cause symptoms similar to alcoholic intoxication.

Most important symptoms/effects, acute and delayed: Eye irritation.

**Indication of immediate medical attention and special treatment needed:**

**Notes to Physician** Treat symptomatically

### 5. FIRE FIGHTING MEASURES

**Suitable extinguishing media:** Use Dry chemical, Carbon Dioxide, alcohol-resistant foam or water fog.

**Unsuitable Extinguishing Media:** High pressure water jet will spread the fire.

**Special hazard:** Highly flammable liquid and vapor. Vapors can travel to a source of ignition and flash back. Empty containers retain product residue (liquid and/or vapor) and can be dangerous. DO NOT pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, static electricity, or other sources of ignition. Also, do not reuse container without commercial cleaning or reconditioning. Hazardous decomposition products are oxides of carbon and including carbon dioxide and carbon monoxide.

**Special protective equipment for fire-fighters:** As in any fire, wear self-contained breathing apparatus pressure-demand MSHA/NIOSH (approved or equivalent) and full protective gear. Water can be used to cool fire-exposed containers.

**Specific hazards arising from the chemical:** None.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures:**

**Personal precautions:** Avoid contact with eyes. Wear appropriate personal protective equipment. Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact.

**Advice for emergency responders:** Eliminate all ignition sources. Prevent additional discharge of material if able to do so safely. Do not touch or walk through spilled material. Avoid runoff into storm sewers and ditches which lead to waterways. Ventilate spill area. Stay upwind of spill. A vapor suppressing foam may be used to
reduce vapors. Flush spill area with water spray. Collect spilled materials for disposal. Use only non-combustible material for clean-up. Use clean, non-sparking tools to collect absorbed materials. Remove from surface by skimming or with suitable absorbents. Absorb spill with inert material (e.g. dry sand or earth), then place in a chemical waste container.

**Environmental Precautions:** None known.

**Methods and materials for containment and cleaning up:**

<table>
<thead>
<tr>
<th>Methods for containment:</th>
<th>Contain spilled material with dikes or absorbents.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Methods for cleaning up:</td>
<td></td>
</tr>
<tr>
<td>Small Spill Procedure:</td>
<td>Contain spilled material. Absorb with non combustible material and place in disposal container. Wash down area with detergent.</td>
</tr>
<tr>
<td>Large Spill Procedure:</td>
<td>Contain spilled material. Prevent additional discharge of materials if possible to do without hazard. Dike large spills. Absorbed with inert material, sweep, or scrape up and containerize. Wear / use appropriate protective equipment. Treat or dispose of residue in accordance with all federal, state, and local requirements.</td>
</tr>
</tbody>
</table>

### 7. HANDLING AND STORAGE

**Precautions for safe handling:**

**Advice on safe handling:** Use only in a well ventilated area. Avoid breathing vapor, fumes or mist. Avoid contact with eyes, skin, and clothing. When transferring, follow proper grounding procedures. Use spark-resistant tools. Do not load into compartments adjacent to heated cargo. Use explosion proof equipment. Always open containers slowly to allow any excess pressure to vent. Follow all MSDS/label precautions even after containers are emptied because they may retain product residues.

**Conditions for safe storage, including any incompatibilities:**

**Storage Conditions:** Keep away from heat, sparks, and flame. Store containers in a cool, well ventilated place. Keep container closed when not in use. Secure container after each use.

**Incompatible products:** None known.

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

</table>

This product contains no other substances that at their given concentration are considered hazardous to health.

**Control parameters:**

**Exposure Guidelines:** No relevant exposure guidelines for other ingredients

**Exposure controls**

No adverse effects expected but use adequate general or local exhaust ventilation to keep airborne concentrations to a minimum.

**Personal Protective Equipment**

**Eye Protection:** Requires Eye Protection. When splashing of the material may occur, chemical goggles and/or a face shield or are recommended.

**Hand protection:** Where contact is likely to occur, chemical resistant gloves should be used. Dispose of contaminated disposable gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

**Skin protection:** Where contact is likely to occur. Use impervious protective clothing, including boots, gloves, lab coat, apron, or coveralls, as appropriate to prevent skin contact.

**Respiratory Protection:** Under normal use conditions with adequate ventilation and eye protection, no other special handling equipment is required. If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn.

**General Hygiene:** Wash and dry hands thoroughly after handling. Do not eat, drink or smoke when using this product.

### 9. PHYSICAL AND CHEMICAL PROPERTIES

**Physical State @25°C:** Liquid
Appearance: Clear Colorless Very Thin Liquid
Odor: Coconut & Alcohol Fragrance
Odor threshold: No information available

10. STABILITY AND REACTIVITY

Reactivity: None under normal use conditions.
Stability: Stable under normal conditions.
Hazardous polymerization: Does not occur.
Hazardous Reactions: None under normal processing.
Conditions to Avoid: Avoid impact, friction, heat, sparks, flame and sources of ignition.
Materials to avoid: Prevent contact with combustible materials. Avoid contact with strong inorganic acids.
Prevent contact with halogens. Prevent contact with strong oxidizing agents.
Hazardous Decomposition Products: Upon combustion product will yield carbon monoxide, carbon dioxide and various hydrocarbons.

11. TOXICOLOGICAL INFORMATION

Product Information
Information on likely routes of exposure;
Inhalation: May be harmful if inhaled.
Skin contact: May Cause skin irritation.
Ingestion: May be harmful if swallowed.
Eye contact: Causes eye irritation.

Delayed and immediate effects as well as chronic effects from short and long-term exposure
Acute toxicity: No known effect.
Skin corrosion/irritation: No known effect, but none expected.
Serious eye damage/eye irritation: No known effect, but none expected.
Skin sensitization: No known effect, but none expected.
Respiratory sensitization: No known effect.
Germ cell mutagenicity: No known effect.
Neurological Effects: No known effect.
Reproductive toxicity: No known effect.
Developmental toxicity: No known effect.
Teratogenicity: No known effect.
STOT - single exposure: No known effect.
STOT - repeated exposure: No known effect.
Target Organ Effects: No known effect.
Aspiration hazard: No known effect.
Carcinogenicity: No known effect.
Component Information: Acute Toxicity for Neopentyl Glycol Diheptanoate and Isododecane

12. ECOLOGICAL INFORMATION

Ecotoxicity: No information available.
Persistence and degradability: No data is available on the degradability of this product.
Bioaccumulative potential: No information available.
Persistence and degradability: No information available.
Bioaccumulative potential: No information available.
Mobility: No information available.
Other adverse effects: No information available.

13. DISPOSAL CONSIDERATIONS

Waste treatment
Waste from Residues / Unused Products: Treat or dispose of waste material in accordance with all local, state (provincial), and national laws and regulations. This product, if it becomes a waste, is not considered a hazardous waste according to RCRA criteria (40 CFR 261).
Contaminated packaging: Disposal should be in accordance with applicable regional, national and local laws and regulations.

14. TRANSPORT INFORMATION

PROPER SHIPPING NAME: UN2286, Pentamethylheptane, 3, PG III. ERG #127.

Based upon the current product sizes, the following would apply…

U.S. DOT: This product, up to 5L (169 oz.) in size, can be shipped within the continental U.S. or Canada by ground as a consumer commodity ORM-D (until 12/31/2020) or the new Limited Quantities symbol.

IATA: For Air transport, this product can be shipped as Limited Quantities, up to 500mL (16.9 oz.) in size, as ID 8000, Consumer Commodity, 9, packing instruction Y963.

IMO: UN2286, Pentamethylheptane, 3, PG III. LIMITED QUANTITIES

15. REGULATORY INFORMATION

Regulatory Disclosures: This product is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as directed.

U.S. Federal Regulations
SARA 302: No information available but none are believed to be reportable.
SARA 311/312: Fire Hazard, Acute Health Hazard, Chronic Health Hazard.
SARA 313: No information available.
CERCLA: No information available.
Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs): No information available.
Clean Water Act: No information available.
California Proposition 65: This product is not subject to warning labeling under California Proposition 65.
California Cosmetics Act: Not reportable

U.S. State Regulations (RTK): None known.

International Inventories
United States: No information available.
Canada: No information available.

16. OTHER INFORMATION

Legend: N.A. - Not Applicable, N.E. - Not Established, N.D. - Not Determined, N.I. - No Information

National Fire Protection Association (NFPA) Ratings: This information is intended solely for the use of individuals trained in the NFPA system.
