

Natural Styling Techniques

Finger Curls

Finger Curls are a quick and easy styling technique to create smooth, sophisticated ringlet curls that are perfect for day or night. *Ideal for wavy to coiled textures.*

PRODUCTS:

- **Natural Curl Cleanser**
- **Natural Moisturizing Conditioner**
- **Natural Almond & Avocado Detangling Leave-In Conditioner**
- **Natural Honey CurlForming Custard**

INSTRUCTIONS:

- Step 1 | Cleanse hair and scalp with **Natural Curl Cleanser**. Rinse well.
- Step 2 | Apply **Natural Moisturizing Conditioner** to infuse moisture in hair, then rinse.
- Step 3 | Apply **Natural Almond & Avocado Detangling Leave-In Conditioner** to hair to aid in the detangling process and infuse additional moisture.
- Step 4 | Comb and section hair into 4 sections and secure with clips.
- Step 5 | Starting at nape, make a 1-inch horizontal part. If necessary, wet hair and coat strand with **Natural Honey CurlForming Custard**.
- Step 6 | Comb **Natural Honey CurlForming Custard** through from root to ends for even distribution.
- Step 7 | Take ½ inch sections and begin twirling hair around finger from the scalp down to the ends.
- Step 8 | Repeat from the nape of neck to forehead until entire head is complete.
- Step 9 | Diffuse on low heat to set curls or air dry. To prevent frizz, do not touch hair until it is completely dry.
- Step 10 | Once dry, separate curls and style for desired fullness.
